Chris Larson Road and Trail Closure

The Engineering Division of the City's Public Works Department announces that during the road and utility construction projects associated with I-29 and Chris Larson Road, Chris Larson Road and trail will be closed between Floyd Boulevard and the Anderson Dance Pavilion until the summer of 2016. The closure will also include the access from downtown via the Pierce Street tunnel. This closure will allow contractors to complete I-29 and Chris Larson Road reconstruction. Access to the riverfront is available from Hamilton Boulevard, and to the trail from Wesley Parkway.

Motorists are advised to reduce speed, drive cautiously, obey all traffic control signs, and barricades with regard to this closure.
