## 2016 Annual Storm Inlet Rebuild Project Kickoff

The City of Sioux City Engineering Division announces the start of the 2016 Annual Storm Inlet Rebuild Project. This project involves the rehabilitation and reconstruction of storm inlets in multiple locations throughout town.

The City's contractor, I&A Construction, will begin work on Monday, April 4th in various locations downtown, then will move to the Northside and Leeds. Project completion is scheduled on or before September 30, 2016. Short term lane closures and sidewalk closures may take place while work is being completed.

Motorists are advised to reduce speed, drive cautiously, obey all traffic control signs, and barricades.
