Rules & Safety

Disc Golf: Object of the Game

To play each hole in the fewest throws (strokes) possible. The player with the lowest total strokes for the course wins.

Safety First

Golf discs can cause serious injury. Never throw when players or park users are within range. Always give park users the right of way. Be aware of your surroundings and environment.

Overview

Each hole begins at the tee. Then you throw from wherever your disc comes to rest (the lie). You finish the hole when your disc is supported by the basket piece or the chains. The player who is farthest from the target always throws first. When teeing off, lowest score from the previous hole goes first.

Basic Rules of Play

On the tee, you must have at least one foot on the tee area when you throw.

In the fairway, you must throw from a spot that is behind your lie, within 12", and in line with the target.

A run up and follow through are always allowed, with one exception: a lie within 10 meters (33') of the target is considered a putt, and you may not step past your lie.

If you consider your lie unsafe, move safely away from the hole and take a one-throw penalty.

Courtesy and Etiquette

Remain quiet and avoid unnecessary movements when others are throwing. Stand behind the player who is throwing until his throw is complete.

Allow faster groups to play through when possible.

Respect the course – put trash in proper receptacles; do not alter trees or obstacles. Vandalizing targets, signs, park equipment, and landscaping is a serious offense that will be prosecuted.

Out-of-Bounds

If your throw comes to rest in an Out-of-Bounds area, take a one-throw penalty. You may then re-throw from the same lie, or go to where your disc was last in-bounds, move in one meter (3'), and throw from that spot. (If there is a designated drop zone on the hole, you may also choose to throw from there.)
