- Android Video: <http://vimeo.com/44393561>

#### Objectives

- Provide and maintain convenient on-street and off-street surface parking to serve major public and retail areas
- Minimize complaints and assure proper meter operations by performing routine maintenance on meters and checking all reported meter malfunctions
- Ensure safety of the parking patrons by removing snow and ice from municipal parking lots
- Ensure turnover in time zones by: painting curbs and stall markings, and providing replacement meters and new meter installations

#### Parking Inventory

- 1,298 on-street meters
- 50 stall metered surface lot
- 68 stall surface lot @ 5th & Virginia Streets
