

The City of Sioux City's Engineering Division announces the following updates to Phase II of the Morningside Avenue Reconstruction Project.

On Monday, November 28, 2016, weather dependent, the center lane of Morningside Avenue (South Royce to South Nicollet) will be reconstructed. Eastbound traffic will travel on the south lane of Morningside Avenue and westbound traffic will remain on the north lane of Morningside Avenue. During this phase, north/south crossings of Morningside Avenue will not be allowed. Access to businesses and properties will continue to be maintained. All phases of the project are anticipated to be completed by December 12, 2016.
